## RFCC Presidents Report

### **Casting Day.**

Numbers were down from previous years but those who did turn up had an enjoyable day. No records were broken but a personal best was set by one of the Clubs Lady Anglers, Cheryl Brown, casting 81 meters in the Distance Section. Well done Cheryl.

### **Interclub With Papamoa Surf Fishing Club Inc.**

An excellent weekend all round with the weather playing its part and a good number of fish were caught by both Clubs. The Trophy goes back into our Cabinet again for another year. Well Done RFCC. I would like to thank all those Club Members who helped out on Sunday with the BBQ, in the kitchen, weigh station, cleaning up and helping out with the Prize Giving. It was good to see our Club Members working together as a Team. Well Done.

### **Renovations.**

We will be starting the Renovations at the end of April with gutting the kitchen of all the cabinets so the new floor can be installed. The kitchen will be painted, and we will also paint the rest of the inside of the Clubrooms. New floor covering will be installed as well as new cabinets.

I will need to call for a few working bees over the next few months (May, June and July)

probably at short notice, so if any members can help out it would be very much appreciated.

Just remember, by using the club's members as labourers cuts the costs down so the Club can make more improvements further down the track.

Catch you later,

Dave Brown.

President

## Acting Club Captain Report

### **Interclub with Papamoa Surf Fishing Club Inc.**

An excellent weekend with slight seas and breeze. Plenty of fish were caught by both clubs resulting in some nice size fish being weighed in. Steven Shand took top spot with the heaviest snapper of 3.7kg and Harold Hoffmann taking 2nd heaviest snapper with a 3.6kg fish. Heaviest kahawai went to a Papamoa Angler Bob and heaviest other went to Sam Thompson with a nice Trevally of 2kg. Two Lucky Rod prizes went to Papamoa Anglers Peter and Andy. The two raffle prizes went to Barry Hand and Ernie Jones.

The 8 heaviest combined weights of snapper per club led to a win of the interclub competition to RFCC by 18kg to PSFC 11KG.

Well done RFCC. A lot of positive feedback from the Papamoa Members on how well our club was set up, and to the hospitality of our members.

## May's Club Weekend.

Friday 13th 6pm Start- Saturday 14th - Sunday 15<sup>th</sup>. Final Weigh In 9am sharp.  
Two Trophies are up for grabs at May's Club Weekend.

As well as our usual club fishing competition we will be holding two events in the same weekend.

- **The Snapper Teams Pairs:** Combined weight of snapper by two anglers. You can register your teams on Friday or Saturday as there will be a registration form available at \$5 per team and winners take all.
- **The Henry Stagg Memorial Mustad Hook Trophy:** Heaviest fish of any species (excluding rays and sharks) caught on a mustard hook. **See below for details of this event.**

Hope to see you all at May's Club Weekend. It should be a great weekend.

Tight Lines,  
Stand in Club Captain,  
Dave Brown.

## Club Competition Points 2021/22 Season

Apologies to all. I have only just received all the information for the February to April fishing weekends including registrations so that I can work out and publish the club weekend fishing points.

Sorry, I know you are all waiting for these but, working all this out is a time-consuming task and I am working on it. As I do not wish to make any errors, I will take the time to get it correct before publishing.

I will send out a Season Points email within the next few days to bring everyone up to date. I thank everyone for their patience.

Secretary

## 2022 Annual Land Casting Competition Report and Results

This year the club's Land Casting Competition had six anglers competing in their chosen sections. These included Open Men, Veteran Men, Veteran Ladies, and Golden Oldies.

We enjoyed a sunny day with a southerly wind blowing at our backs and added to the enjoyment of the day. One bird's nest, one break-off, and later in the competition one reel drag giving out made the day rather humorous.

One club spectator turned up and was only too happy to give advice and pointers to help competitors improve their casting. Thanks Barry Gordon

## Henry Stagg Memorial Mustad Hook Trophy

**Where:** Within the club usual fishing boundaries

**Date:** Friday 13 – Sunday 15 May 2022

**Registrations:** Sheets for registration will be at the clubrooms as of Friday 13 May.

The Henry Stagg Memorial Mustad Hook Trophy is for the heaviest fish of any Species (excluding sharks or rays) caught on a Mustad Hook.

50 Hooks will be supplied by the Club for this event.

A separate weigh sheet will be on the table at registration, so enter your name and in brackets under your name put the number of mustard hooks you have taken.

ALL FISH MUST HAVE THE HOOK STILL ATTACHED TO THE FISH WHEN WEIGHING IN.

The Weighmaster will oversee the running of this event. His word is final.

All fish must be gutted and gilled to weigh in. If the fish swallows the hook, you will still have to gut and gill it but leave the hook inside the fish.
