Acting Club Captain Report

Hi All!

Club Captains Report 11 – 13 June 2021

Well I arrived at the club rooms at about 1600 (4pm) to an empty club grounds....No campers this week. Whilst I was there setting up the forms etc....Harold arrived to register. A quick chat and he was away....wanting to get some crabs for the evening.

I could not stay this weekend due to not having the caravan and Tracey not being well, so headed off home. We had a committee meeting Saturday morning with the weather beautifulblue skies and sunshine with warm temperatures and hardly any wind.

Harold popped in with a load of fish to weigh (awesome).....and it gave the rest of us that hadn't started yetsome hope.

Aimee and I tagged along with Dave and Cheryl off the beach around No.2 carpark.....not too sure where all the others went. Where we were.....a bit of a current but quite a bit of weed that seemed to be compulsory to catch.....most of us thought we had some good bites.....but Dave was the only one to land a couple of small Kahawai of which one was given to Aimee to try her luck at live baiting.

As the sun started to disappearso did the warmthgetting a bit chilly. Aimee and I packed up at about sixish to head back home.....I believe Dave Cheryl and Barry Gordon packed up not long after.

Sunday morning there was a bit of confusion about the weigh in time with some thinking it was 0900 and some thinking 1000.....This was my fault as I had not stipulated what time....SORRY GUYS. Anyway 1000 hrs the results were ; Ten anglers registered 17 rods. 12 Snapper caught and weighed 14 Kahawai caught and weighed 2 Y.E.M. caught and weighed 1 Shark caught and weighed.

Heaviest Snapper went to Harold Hofmann weighing 1.745kg (\$40 Hamills voucher) Heaviest Kahawai went to Harold Hofmann weighing 1.185kg (\$40 Hamills voucher) Heaviest Other (shark) went to Harold Hofmann weighing 5.005kg (\$40 Hamills voucher) No Fish weighed in by a lady No fish weighed in by a Junior
