JULY 2024

PRESIDENTS REPORT

At the Annual General Meeting in a couple of weeks time on the 10th of August 2024 there will be a discussion on the new Incorporated Societies Act 2022.

The Secretary will send out all of the information so far gathered on the new Act 2022 with the Newsletter for all members to read.

At the AGM there will be a Guest Speaker to explain the positives and the negatives of being incorporated or unincorporated. The speaker will answer any questions that Members have regarding this subject.

It has been suggested at the AGM a sub committee be formed to research and gather information to move forward to comply with the new Incorporated Societies Act 2022 or become Unincorporated. The sub Committee will report back to the Committee with their findings and then a Special General Meeting will be called to report to all Members.

I request that all Members, including Life Members be at this AGM that will concern the way the Club continues into the future, as this is extremely important to all.

The AGM is to be held in the Club rooms August the 10th Commencing at 1.00pm. Lunch will be provided by the Club at 12.00 Midday.

An Agenda will follow in due course.

You may already be aware that a new Incorporated Societies Act 2022 is now in place. We as a club have until April 2026 to re register or not.

While very similar to the old act of 1908 there are differences, some of which need to be addressed by the Club, in particular the Club needs to decide whether or not to re-register under the new ACT.

The committee realizes that all Club members need to be brought up to date as best as possible to be aware of the consequences of re registering or not.

Jenny Hobbs has offered the club help in this regard. Jenny has put forward the suggestion that we use the services of Christa George from SocialLink in Tauranga, they are funded by the Councils of the BOP to provide free support for community groups and organizations.

It is suggested that a sub committee be put together to work on this important matter. The New Act being what it is, there is no one person in the Club responsible for the reading and dissemination of the Act. As you can imagine the Act document is huge and simply cannot be reproduced, however there are a number of Email addresses in the attached documents for those of you who wish to investigate further. Attached to the newsletter are extractions from the Act which have some relevance.

At this time our job at the AGM is simply to vote to proceed with a sub committee to investigate this important matter.

Look forward to seeing everyone at the AGM
